REMARKS

## SOURCE

1. There was no flying at the CHEB (N 51/P 37) airfields between 11 a.m. and 4 p.m. on 14 September 1949. One single-engine fighter was parked at the HOR.SCHOEN airfield.

2. An eastbound four-engine aircraft flew over CHEB at an altitude of 2,500 feet and a speed\* flew over CHEB at 11:35 a.m. The plane, whose markings could not be observed, was of the same type as the one observed on 13 September 1949.

\*250 mph

Comment: The occupation of the CHEB-HOR.SCHOEN airfield has apparently not changed. The plane observed over CHEB is probably a commercial aircraft.

Document No. 1  
NO CHANGE in class.
